DATE: 22/12/2024	Email: mes@mes.qa

Dear Sir,

With reference to the above and further to your email, we would like to quote for the below scope of works:

- 1) Dismantling existing compressor from **Unit #1** QTY=1
- 2) Supply & Installation of new compressor semi-hermetic with matching capacity QTY=1
- 3) The new compressor will be installed adjacent to the reefer unit chassis as the new model doesn't fit inside the existing chassis. We will provide a stand/base for new compressor with necessary pipe fittings extensions and electrical/control terminations.
- 4) Leake test by nitrogen and leak rectification.
- 5) Testing & Commissioning

Lump sum price = 16,500 Q.R.

Payment Terms: 100% Advance with LPO
