Note: Capacities are nominal cooling at 35 °C as per the Mitsubishi Electric data provided. Ducted / ceiling-concealed unit rates are turnkey and inclusive of PIR ductwork, linear diffusers, insulated refrigerant piping, installation and T&C.

2. Scope of Work — Inclusions

- Design of the air-distribution system for all ducted / ceiling-concealed indoor units, including duct sizing and diffuser selection.
- Supply of all Mitsubishi Electric indoor and outdoor units (ducted, ceiling-concealed and wall-mounted split) as listed in the equipment schedule above.
- Supply and installation of PIR (pre-insulated rigid) ductwork for the ducted / ceiling-concealed units, complete with supports and accessories.
- Supply and installation of linear slot diffusers and return-air grilles for the ducted / ceiling-concealed units.
- Supply and installation of insulated copper refrigerant piping between indoor and outdoor units, complete with fittings, charging and leak testing.
- Mechanical installation, mounting and setting of all indoor and outdoor units.
- Testing, commissioning and handover of the complete air-conditioning system in working condition.

3. Exclusions

- Electrical power supply, cabling, distribution boards and the local isolator adjacent to each unit (to be provided by others).
- All civil, builder's and false-ceiling works, including any openings, cutting, patching and making good.
- Condensate drainage works — a drain point shall be provided by others immediately adjacent to each indoor unit; MES scope is limited to the final connection from the provided drain point.
- Any items, works or materials not expressly listed under Section 2 (Inclusions).

4. Payment Terms

Stage	Milestone	% of Contract
1	Advance Payment (with Purchase Order)	50%
2	Against completion of Duct Works	20%
3	Against delivery of AC units to site	20%
4	Against completion of Installation	5%
5	Against Testing & Commissioning / Handover	5%
TOTAL		100%

5. Warranty

- 1 Year full + 4 additional years on compressors
- The warranty excludes defects or damage arising from misuse, improper operation, negligence, lack of routine maintenance, unauthorised repair or modification, electrical supply faults or voltage fluctuation, water ingress, or force majeure.

Note: A preventive maintenance contract can be offered separately to preserve warranty validity and maintain equipment performance.

6. Delivery & Project Execution

- Delivery, installation and commissioning shall be completed within three (3) to four (4) months from the date of receipt of a confirmed purchase order, advance payment, and approval of material submittals / shop drawings, whichever is later.

- The delivery period is subject to manufacturer lead times and may be revised in the event of delays in approvals, site readiness, or payments.
- Shop drawings and material submittals shall be approved by the client prior to procurement; any delay in approval shall extend the delivery period accordingly.
- Works shall be executed during normal working hours; any works required outside normal working hours shall be subject to a separate arrangement.
- The client shall provide free, safe and clear access to all work areas, together with a secure storage area and temporary electricity and water for execution of the works.

7. General Terms & Conditions

- Prices are quoted in Qatari Riyals (QAR) and are firm and valid for thirty (15) days from the date of this quotation.
- This quotation excludes any taxes, duties or levies that may be imposed by the authorities.
- Any approvals or NOCs required from the competent authorities (e.g. Qatar Civil Defence – QCDD, KAHRAMAA) and their associated fees are excluded unless expressly stated herein.
- All supplied equipment and materials shall remain the property of MES until full payment has been received.
- Any variation, addition or omission to the above scope shall be quoted and mutually agreed in writing prior to execution.
- MES shall not be held liable for any delay or non-performance arising from circumstances beyond its reasonable control (force majeure).
- In the event of order cancellation after procurement has commenced, all costs incurred together with applicable restocking charges shall be to the client's account.
- This quotation and any resulting contract shall be governed by the laws of the State of Qatar; any dispute shall be settled amicably or, failing that, referred to the competent courts of Qatar.

We trust the above meets your requirements and remain at your disposal for any clarification. We look forward to your valued order.

Yours faithfully,

METRI ENGINEERING SERVICES W.L.L.
